Anna Police Department

Five-Year Strategic Plan

SERVICE THROUGH INTEGRITY, COURTESY, HONOR, & RESPECT

Message from the Chief

As Chief of Police, I am pleased to present to you {Y}our Department's 2020 to 2025 Strategic Plan. Our new plan is a single guiding document that identifies the organizational priorities and represents our vision for the future. This plan was derived from an analysis of the department's strengths, weaknesses, opportunities, and threats (SWOT), employee contributions, community feedback, and includes elements that coincide with the City's strategic planning document.

The plan contains our new mission and vision statements and demonstrates our commitment to address community concerns through an insightful examination into emerging issues. It establishes our responsibility to our employees to develop their abilities and skills to meet the challenges of 21st Century policing.

The objectives and strategies highlighted in this plan are designed to support our five principal goals:

- 1) **Prevent crime:** Preventing crime is the primary mission of policing. Crime prevention promotes the health and welfare of a community instead of merely curing its ills (crimes). It reduces the threat and fear of crime on the front end and enhances the sense of security and leads to a high quality of life within the community.
- 2) **Provide effective police services:** We are committed to ensuring Anna remains a safe community by employing the best practices in law enforcement to meet the challenges of 21st century policing.
- 3) **Develop, strengthen and sustain partnerships:** We recognize that trust is a paramount component for us to be successful. We must have the confidence, support and respect of our neighbors. We are committed to developing and maintaining partnerships with our neighbors, with our internal City partners, and with our regional, state and national public safety partners.
- 4) **Develop personnel:** We will provide the best equipped, and most highly trained and committed employees to help meet the needs of our community.
- 5) **Enhance infrastructure:** We will focus on implementing the latest technology and improving our citizen to police network to remain a high performing, professional police department.

This document was written in such a way that it is adaptable to the rapid growth of the Anna community. A review and prioritization process will occur annually, and a new plan will be constructed in 2025.

I invite you to review our Strategic Plan initiatives, which reaffirm our commitment to proactively and responsively provide police services that enhance the safety and the quality of life in the City of Anna.

Jeff A. Caponera
Chief of Police
